Mr. Robert Isaac, Manager
Solano Irrigation District
508 Elmira Road
Vacaville, California 95687

Subject: Potential Year 2000 Computer Problems

Dear Mr. Isaac:

Reclamation is collecting information on equipment with embedded microchips at Reclamation projects that are used in the operation of dams, water delivery systems, monitoring and data gathering equipment, and in general all equipment operated with computers. The emphasis for this effort is on identifying potential problems if a microchip *is not correctly programmed to recognize the Year 1999, 2000, or a later date.

For each device operated by your agency that may be affected, we are asking for the information in the enclosed inventory form and certification form for devices which are compliant. Please feel free to make duplicate copies as needed. Please provide your response by October 30, 1998,

We thank you in advance for your help. If you have any questions or need any additional information, please contact Gerald L'Estrange, of my staff, at (916) 989-7233 (TDD 989-7285).

Sincerely,

Thomas J. Aiken
